

CUT 10 M

Product code: 265400401

Grinding and sharpening oil

This product is a light oil colourless and odourless formulated for grinding and machining. It does not contain chlorine or heavy metals. This product is a low mist formation product specially designed for finishing operations and sharpening of HSS, cobalt and tungsten tools.

Applications

It is designed for finishing applications where the highest quality surface is required. It is suitable for grinding and sharpening of HSS and hard metals. Suitable also for steel, cast iron, brass, bronze, copper and aluminium.

Benefits & Advantages

- Good flushing, cooling and lubricating properties
- Improved tool life and surface finish
- High performance
- No odour and colour
- Low volatility
- Improved productivity

Typical Performance Data

Typical	Value
Colour	Colourless
Density @ 20°C, g/ml	0.82
Viscosity @ 40 °C, cSt	10-12
Flash point, °C	178
Pour point, °C	-20
