Industrial Spraycans

LUBRICANT OIL

## Universal Lubricant & Creeping Oil

This product is a direct jet-spray to be used as a universal oil to lubricate and protect metal and plastic parts. It is suitable to unfasten rusted nuts and bolts, remove/avoid squeaking/creaking noises, grease and lubricate runners, joints, hinges and chains. This is a typical 5-in-1 product, acting as a rust remover, lubricant, contact spray, cleaner and corrosion preventative at the same time.

Performance WD offers many advantages and can be used as an all-service products in many fields of applications such as tool protection, corrosion protection, squeaking parts, moisture resistant in places where electronic applications are used, contact cleaner and many more.

### Benefits:

- Good penetrating qualities
- Moisture repellent
- Good cleansing effects
- Rust preventative properties
- Does not contain silicone, water or wax
- Free of graphite
- Working temperature range -20 up to 120°C

e 400ml
