

# SOLUBLE TEXTILE OIL TX 87

Product code: 264700501

## Washable textile oil

This product has been a result of many tests and proven lubrication service and solubility. The base of the product is high quality mineral oil, blended with an additive package which has been selected through research and experience in practice. These oils have a high degree of solubility and has excellent anti-static properties. These fluids are formulated with highly refined oils and will absolutely no stains on textiles and fabrics and are of extremely high quality.

## Benefits & Advantages

- Easily sprayable even in cold temperature environment
- Neutral behavior towards paint
- Stabilized against sun drying
- Prevents built-up of static energy
- Corrosion protection
- Maintains needle slots in a clean condition
- Ensures longer life of needle and jacks/sinkers

## Applications

These series are scourable textile oils for the textile industry. These series are used in the knitting process, and it serves two main purposes:

- Lubricate the needles and the needle plates
- Easily washable

These series are scourable. There are however no rules or standard procedures for scouring out the oil traces. The degree of contamination, time elapsed between the soiling of the fabric and the scouring, the application of the needle oil, the knitting machinery and the properties of the individual knitwear and fibers are too variable.

## Typical Performance Data

Property	Test Method	Value
Colour	Visual	Clear
Density, kg/l	ASTM D-1298	0.860
Viscosity index	ASTM D-2270	95
Viscosity @ 40 °C, cSt	ASTM D-445	22
Viscosity @ 100 °C, cSt	ASTM D-445	3.6
Flash point, °C	ASTM D-92	180
Pour point, °C	ASTM D-97	<-9

All performance data on this Technical Data Sheet are indicative only and can vary during production.
